Why Karyik's SHADE

Side

Karyik's Sideshade is designed to give maximum space without sacrifice stability (and without a hole in your precious table). With its unique Sidepost system, it just does better than the cantilever parasol and market umbrella.

Sideshade, our unique sidepost sunshade, which combines elegance and durability, has been exported to many countries all over the world. They are used in Tiananmen Square and at the entrance of Forbidden City (Palace), both the landmark and pride of China.

Right:

Square Shade (ACSQ)
size available in 1.8x1.8/
2.1x2.1/ 2.5x2.5/ 3.0x3.0/
3.6x3.6/ 4.0x4.0m
(model shown with scallop flaps)

Above:
Choice of Patterned Colour

Our high quality canvas canopy is available in numerous choice of colour. Other option or customized design is available upon request.

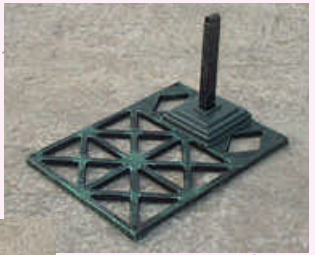

Right:
Choice of Plain Colour

Left:
Round Shade (ACDT)
diameter available in 2.2/ 2.5/
3.0/ 3.6/ 4.2/ 5.1/ 6.0m
(model shown with classic flaps)

The base comes in various weight. The heavier it is, the better it can withstand strong gust and severe weather. Alternatively, Sideshades can be secured to the ground for complete stability.

Available weight:
28/ 38/ 58/ 80/ 120kg
(For area with strong gust,
use at least 58kg base for
free standing)

corner rack.

Yangzhou (GZY) - Gazebo with corner rack and high raise air vent (optional), available in square or rectangular shape.

Oriental Looks

KARYIK's Gazebos are truly in a class of their own. Crafted with the highest quality material, a long lasting ultimate pleasure under the shade is ensured.

Care has been taken in the design process of Karyik's gazebo, making it not only a **true beauty** but also one which is easily to install and build to last.

Summer *fun* Gazebo

The wooden structure of Karyik's Gazebos is only made from solid hardwood, either Teak or Japanese Ash, both of which are very durable while having their own distinct features.

Our gazebo also feature the same high quality canopy which you find in our parasol.

Suzhou and Hangzhou - Gazebo with side-rail, corner arch and high raise air vent (optional).

Karyik's unique high raise air vent (optional).

*Teak or Japanese Ash for your beautiful shade?
Your choice.*

Classic
Chic

KARYIK's traditional market umbrella is designed to give you **a pleasant and elegant feeling.**

For durability and high quality, Karyik's classic parasol is manufactured from specially chosen material of the finest quality. With our unique high raise air vent, solid brass quad pulleys, leather rib pockets and other beautiful fittings, this is truly a classic beauty.

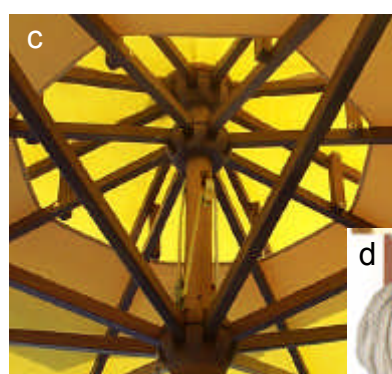

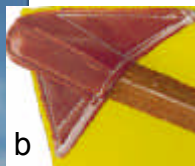

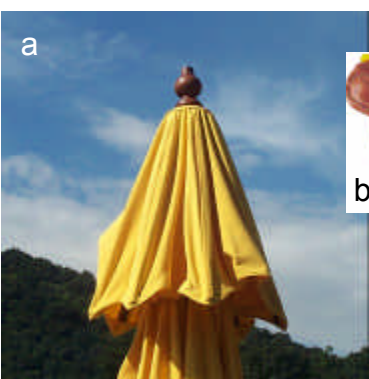

Powder coated cast iron base
Right:
SSC-20 (20Kg) /
SSC-35 (35Kg)

Corporate Brand Recognition & Customization

With the pleasant looks of Karyik's sideshade, gazebo and classic parasol, it is a perfect aid to project a positive image to any corporate and brand.

The products can be customized and colour co-ordinated to match your promotion or corporate image. Whether it is the canopy, frame or even the cover bag, logos, designs and colours can all be printed or incorporated into the products. Interchangeable canopy means design and promotion can be changed as often as you pleased.

Interested? Contact Karyik today. For contact information, see back of brochure.
